Re: Request for Explanation

Dear

I'm writing to formally request the explanation about your responsibilities in delaying the termly tests of today.

In fact, we have already precised the calendar and the program of these tests with a precised timing. Unfortunately, it didn't happen as it was programed. I noticed a serious lack of compliance. This irregularity in timing is a big obstacle for the quality of education, I'm asking you to explain your responsibilities in this issue.

Kindly respond upon receipt of this letter.

Thank you for your effort in education!

Father Francisco UWAMAHORO

Headteacher
